SUBJECT: **New POD Service**

Print on Demand Service

C.A.I.M., thanks to a recent agreement with the United Kingdom Hydrographic Office, can boast of being the first UKHO International Chart Agent in Europe to provide the Maritime Industry with a Certified POD Solution for the supply of British Admiralty Charts.

Through this agreement and working relationship, C.A.I.M. can now further enhance its relationship with customers, by delivering in a timely manner, Nautical Chart requirements for the above mentioned Hydrographic Office, ensuring orders are complete at the time of processing and fully corrected with respect to the latest Notice to Mariner. Furthermore, should chart requirements be of geographical areas which we previously never held in stock, supply can be achieved at the click of a button rather than having to wait several days to receive couriered hard copies from the source provider.

Key Features of Print-on-Demand Charts: the chart is exactly the same as printed by UKHO, easily recognizable by the "print on demand" label on the front where the "printing agent" is indicated.

Servizio Stampa a richiesta

C.A.I.M., grazie ad un recente accordo con lo UKHO, può vantare di essere il primo UKHO International Chart Agent in Europa in grado di fornire i propri clienti con una soluzione certificata 'Print On Demand' per la fornitura delle carte nautiche.

Grazie a questo accordo C.A.I.M. può ulteriormente accrescere e migliorare il suo servizio alla clientela, consegnando in maniera tempestiva le richieste di carte nautiche dello UKHO, in modo da completare gli ordini senza alcuna attesa ulteriore. Se le carte richieste facessero parte di un'area geografica non normalmente tenuta in stock la fornitura può essere completata con un click!

La carta non ha differenze da quella edita dallo UKHO ed è facilmente distinguibile dall'etichetta del Print on Demand indicante l'agente che la ha stampata.
