

# ADMIRALTY

Dear Customer,

Please be advised that the 2014 edition of NP204 has the incorrect title on the front cover. The title currently reads Indian Ocean and South China Sea; the correct title should read Pacific Ocean. The title on the spine, coverage diagram on the back cover and the content inside the publication are correct.

UKHO is issuing an NM which will be published in week 32 (8<sup>th</sup> August). We apologise for any inconvenience caused.

Should you have any questions please contact your ADMIRALTY chart agent.

Yours Faithfully,

United Kingdom Hydrographic Office
